## Toilet Trained Policy

All students enrolled in St. Anthony of Padua Preschool Program must be fully toilet trained. This means that they are fully able to take care of all bathroom needs, including wiping, flushing, dressing, and washing hands on their own. Flushable wipes can be provided if necessary.

Children who have an accident will be given their change of clothes to change themselves. If they are unable to do so a parent will be called to come to school to change the child.

If a child has three accidents or more, the parent will be required to meet with the preschool teachers and the principal to discuss the child's readiness for the preschool program. The child may be asked to take time off from school to work on toilet training and they may return to school when they are ready. Thank you for your help and understanding in this matter.
